2010 Constituent Survey

Dear Neighbor;

2009 was a difficult year, to say the least. Our state's revenues dropped over 27% due to the national recession, which has made budget balancing very difficult.

The next legislative session is soon to begin, and 2010 will continue to be difficult as our state economy stabilizes and more jobs are created or restored. I ask for your help to identify your concerns and priorities as we work to provide balance and fairness in the next budget session for our residents.

Please fill out the attached survey of issues. Your input and advice is very important as we work together to solve the many challenges we face in our state.

It has been a pleasure to serve as your State Representative, both in good times and challenging times. I am confident that we will rise together to tackle and ultimately solve the difficult issues facing Connecticut. Thank you for your participation in this survey, and I look forward to hearing from you.

With hope for a better 2010.

Balancing The Budget: The Spending Side.

Our state is facing a budget deficit of historic proportions and unlike the federal government, our Constitution requires us to balance the budget. In order to do this, we must be creative, bold, and self-sacrificing. Once again, I cannot ask what program you would spend more on, or even spend the same on. I must ask that, if you were voting on the state budget, which of these programs would you cut a lot, cut a little, or try to protect. Please check one box for each program.
