REP. KIM ROSE VISITS LOCAL STUDENTS

State Representative Kim Rose (D-Milford) visited with 4th grade students at Mathewson Elementary School in Milford to talk about the legislative process and her work as a legislator.

The students listened carefully and enthusiastically as **Rep. Rose** introduced them to the role lawmakers play in crafting and supporting laws that affect their communities.

“The schoolchildren I met at Mathewson were wonderful,” **Rep. Rose** said. “They were so attentive and showed such interest in the political process that I am almost certain that we will hear more about a few of them in the future.”

The school administrators, class presidents and their elected officials joined Rep. Rose and the students during the friendly discussion.

Rep. Rose said, “Getting students’ attention at an early age is important to ensure the vibrancy of their school experience. I am pleased the school invited me to share my personal stories with them as I serve in the CT General Assembly.”

Rep. Kim Rose is serving her third term in the State Legislature. She is House co-chair of the Housing Committee, and a member of the Children and Veterans Committees.
